

RIBBON HEART VALENTINE

WHAT YOU NEED:

Scissors

Glue

Heavy Paper or Card Stock - 2 different colors

Hole Punch

Ribbon

Cut out the attached heart shapes from heavy paper or card stock in two different colors. Glue the smaller heart into the center of the larger heart.

Write a Valentine message in the center heart such as "Be Mine" or "I Love You".

Outside of the center heart, carefully punch holes around the entire heart.

Next, cut a long piece of ribbon or yarn and lace it through the holes, beginning at the top of the heart in the hole next to the "V" shape that is between the two humps of the heart. Work your way around the entire heart. Come up through one hole and then go down through the next.

When you get back to the top of the heart, tie the ends of your ribbon into a bow.

You now have a beautiful Valentine.
