

RAINBOW AND POT OF GOLD

WHAT YOU NEED:

Crayons/Markers

Scissors

Glue

Glitter

Color and cut out the rainbow and pot of gold. Add glitter to the pile of gold at the top of the pot to make it sparkle. Glue the pot of gold to the end of the rainbow. You can also make a cloud to put at the other end of the rainbow.

For a more advanced project, you could glue crumpled bits of tissue paper onto the rainbow in the correct colors.
